

Jump Into the Light is America's first Virtual Reality Cinema Experience and Playlab. Located in the heart of Manhattan's East Village, cinema goers can view 360 films, play games in Oculus Rift and HTC Vive, and be 3D scanned into Virtual Reality for sharing on social media.

Be among the first to experience this world changing revolution!

TESTIMONIALS

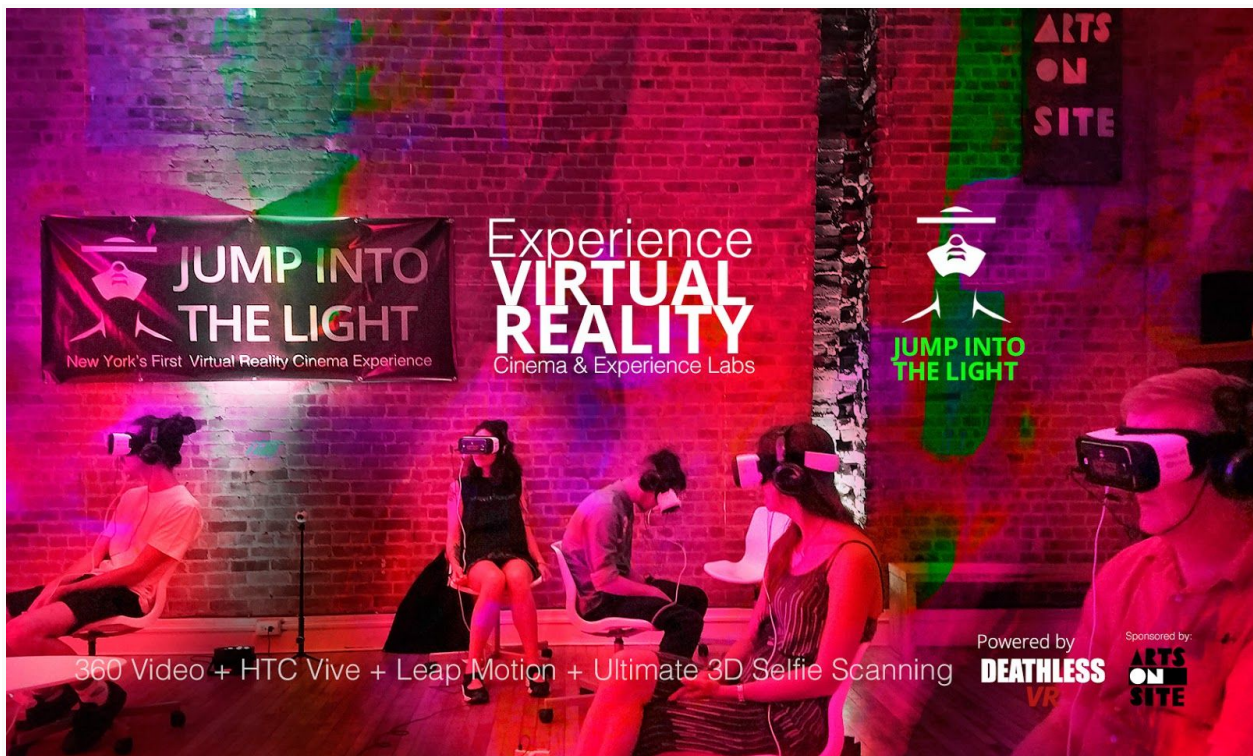

“You are on to something really cool. Bringing people together, opening minds and doors. Definitely the makings of something next level. Definitely the start of a new community...”

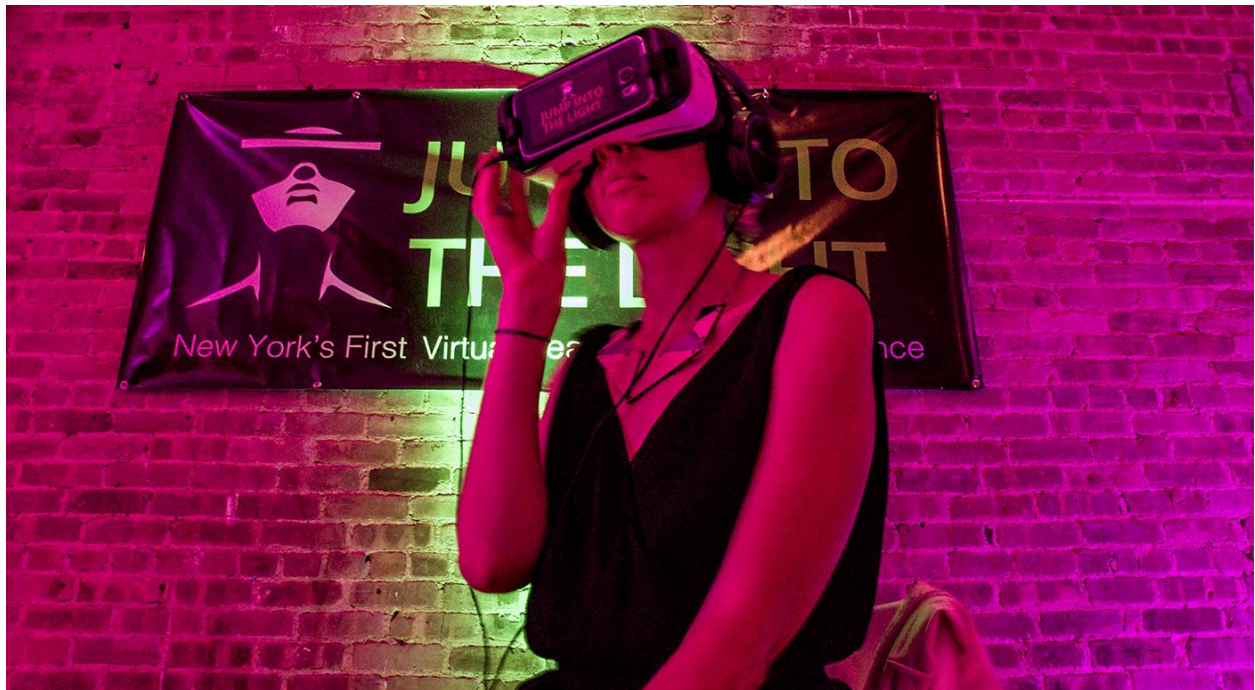

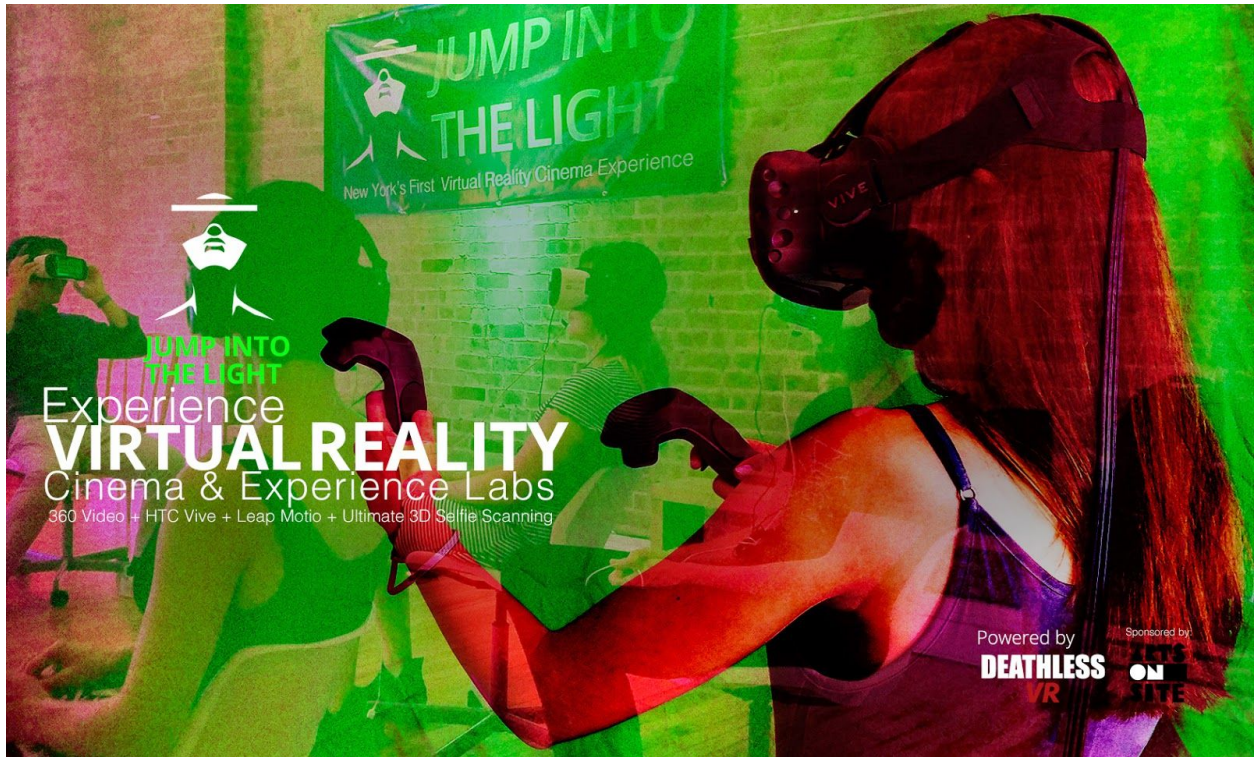

-Loren Kulesus, 9999 design studio

“Awesome! F*cking awesome! I’m telling everyone I know about it.”

-Jonathan Breshin
